

# Interprofessional communication in the delivery room

S. Melchior & M. Schuler Barazzoni  
Service de néonatalogie, CHUV, Lausanne

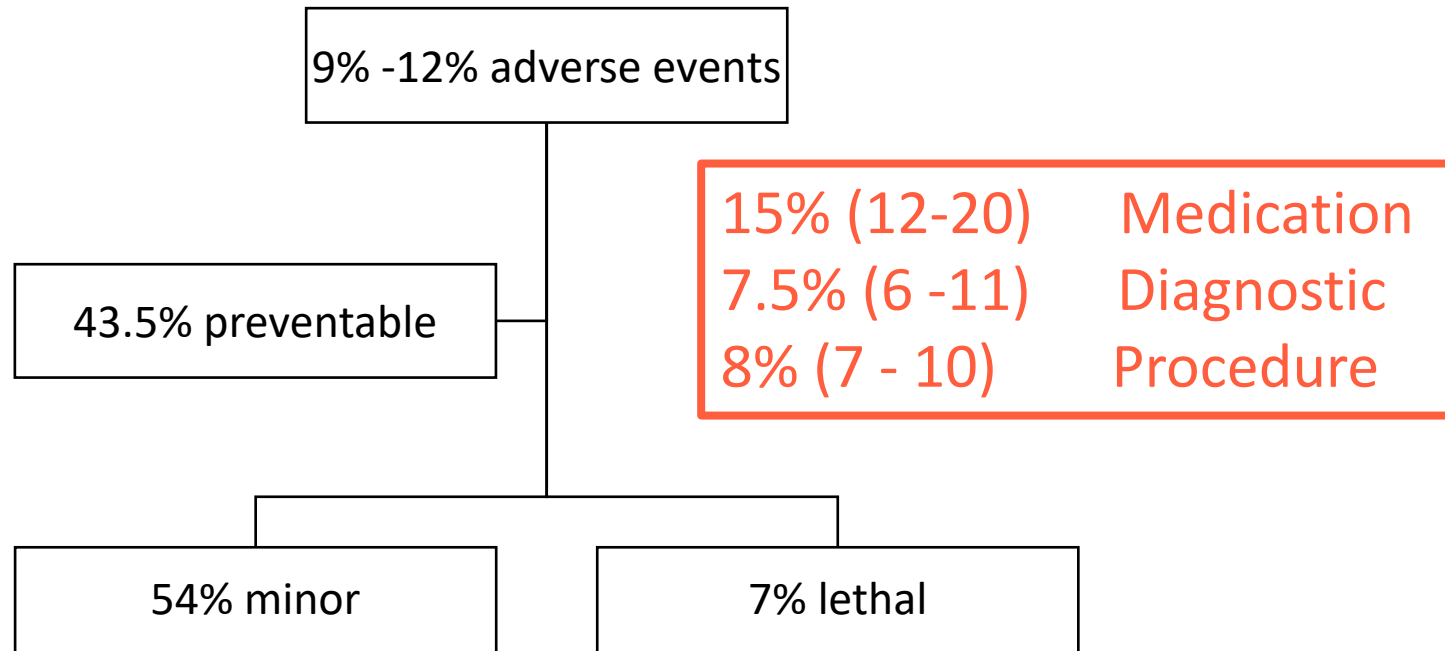

The Joint Commission *Sentinel Event Data 2023 Annual Review*  
de Vries et al *The incidence and nature of in-hospital adverse events: a systematic review* BMJ Quality & Safety 2008  
Skooch A et al. *Adverse events in women giving birth in a labor ward: a retrospective record review study.*

## In hospital patients

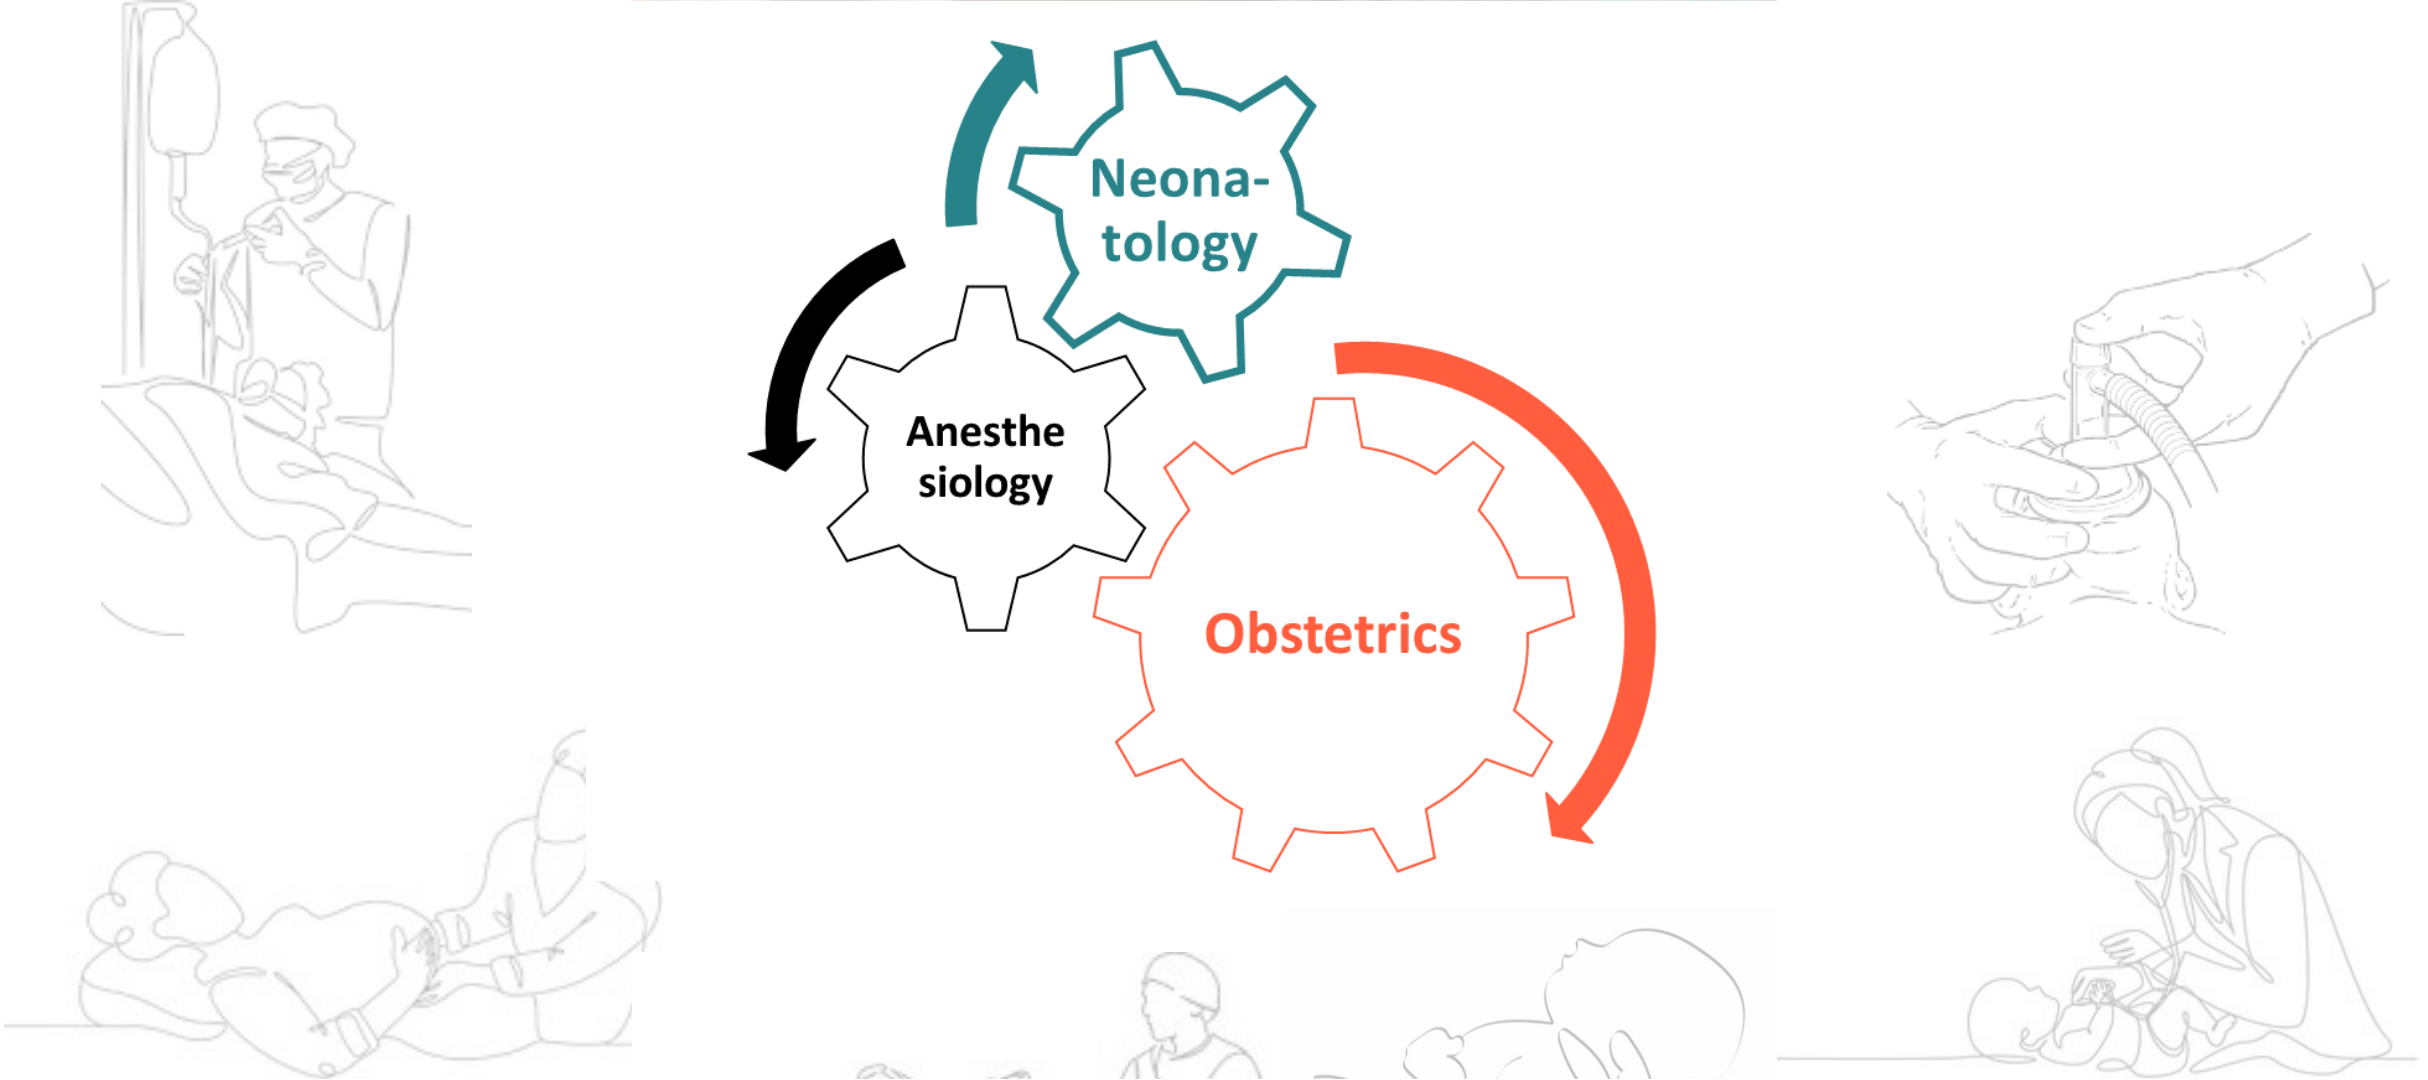

### Failures in:

- following identified procedures
- **communication**
- teamwork

# TEAM?

**>266 000 000**

**Getting tasks done**

**Communicating well**

**Working well**

**TEAM**

# Interprofessional communication

Structured processs :

- translate information openly, accurately and in a timely manner
- Short information exchange and dialogue
- Among different professionals
- Based on a shared language and common tools

# Interprofessional communication

Lingard L. et al. *Towards safer interprofessional communication: constructing a model of “utility” from preoperative team briefings*. J Interprof Care 2006

Mishra A et al. *The influence of non-technical performance on technical outcome in laparoscopic cholecystectomy*. Surg Endosc 2008

Karam M et al *Comparing interprofessional and interorganizational collaboration in healthcare: A systematic review of the qualitative research*. Int J Nurs Stud. 2018

Structured processs :

- translate information openly, accurately and in a timely manner
- Short information exchange and dialogue
- Among different professionals
- Based on a shared language and common tools

Respects **individual's roles** and collaboration  
Enables coordinated and **safe patient care.**

# Interprofessional communication

Key element of collaboration

Basis for trusting interprofessional relationships

Lingard L. et al. *Towards safer interprofessional communication: constructing a model of "utility" from preoperative team briefings.* J Interprof Care 2006

Mishra A et al. *The influence of non-technical performance on technical outcome in laparoscopic cholecystectomy.* Surg Endosc 2008

Karam M et al *Comparing interprofessional and interorganizational collaboration in healthcare: A systematic review of the qualitative research.* Int J Nurs Stud. 2018

# Ineffective communication: a swiss cheese?

## **Suboptimal timing:**

- Too late to be useful

## **Content:**

- incomplete, inadequate, imprecise

## **Purpose**

- lack of resolution

## **Audience**

- gaps in group composition

**One third of communication failures had immediate effects**

**In it together**

**Patient Safety**

FEEDBACK

In the delivery room, interprofessional  
communication should not be taken for  
granted

Every second counts.  
Every word counts.

# Ineffective communication: swiss cheese?

## **Suboptimal timing:**

- too late to be useful
- Content:
  - incomplete, inadequate, imprecise

Purpose (lack of resolution), and audience (gaps in group composition).

- N
- One third of communication failures had immediate effects

## CRM PRINCIPLES

Leadership and role attributions

**Communication**

Human & material resources

Situation awareness

# Team members have a similar understanding about...

## Interaction

- Communicate
- Share information
- Interact
- Best methods to communicate
