Welcome to Aarau

Dear Colleagues and Friends,

We are delighted to invite you to the **2025 Annual Meeting of the Swiss Society of Neonatology**, focusing on **“Newborn Resuscitation”** – a critical topic relevant across all levels of neonatal care.

Our program is designed around three pivotal areas:

- **Current evidence:** Delving into the latest strategies to enhance newborn resuscitation.
- **Non-technical Skills:** Featuring discussions on teamwork, communication, and family presence during resuscitation.
- **Future Perspectives:** Exploring the journey of Start4Neo and innovations that may shape the delivery room of tomorrow.

Join us for an informative day of learning and networking as we work together to advance neonatal care. We look forward to welcoming you!

Warm regards,

On behalf of the 2025 Organization Committee

Jehudith Fontijn

Christoph Rügger

For the Swiss Society of Neonatology

Philipp Meyer
President

Program
