Christoph Rageth, Zürich / Geneva, Switzerland
Christoph Tausch, Zürich, Switzerland
Zsuzsanna Varga, Zürich, Switzerland

HIRSLANDEN

KLINIK HIRSLANDEN

KLINIK HIRSLANDEN COMMITTED TO THE HIGHEST STANDARDS

Klinik Hirslanden is one of Switzerland's leading private hospitals and is part of the Hirslanden Private Hospital Group. Our patient-oriented approach and cutting-edge medicine informed by the latest research shape our day-to-day activities. Hirslanden's interdisciplinary network of experienced medical specialists and the knowledge of our specialised centres of expertise ensure patients receive integrated and comprehensive medical care. Patients can expect professional and personalised assistance provided by our qualified nursing staff. Exceptional comfort, privacy and hotel-style service round off the Hirslanden experience. For more information, please visit

www.klinikhirslanden.ch

EXPERTISE YOU CAN TRUST.

Welcome

Dear Colleagues,

In the name of the organizing committee and the IBUS faculty members, we wish you a very warm welcome to Zürich, and to this IBUS: Advanced Breast Ultrasound course.

This program will again demonstrate the top standards in comprehensive breast diagnosis and is designed to circulate actual information concerning the whole scope of breast imaging. It is directed to sonographers (radiologists, gynecologists and surgeons) who accept the importance of having a conclusive diagnosis before any open surgery.

You will find yourself in the middle of a rejuvenated area of the city with many new facilities such as cinemas, restaurants, hotels and also a number of shops. The Hardbrücke is the next town trains stop approximately 800 meters from the meeting venue, and from there you can reach downtown by train within a few minutes.

After having already met in Zürich for eight IBUS programs in the Technopark and the facilities of the University Hospital of Zürich, we decided again for the Technopark, where teaching, learning and friendship could be best brought together under the one roof.

This part of the Technopark was built 25 years ago, and since 1993 hundreds of motivated, future-oriented people have been working within the Technopark site in different fields which include industrial, commercial and service enterprises and also in industry-oriented research teams.

The main goal will be to have again a consensus meeting and consensus statements regarding B3 lesions – this will (after 2016) be the second official international consensus conference on B3 lesions.

We wish you an enjoyable stay in Zürich, and hope that you will benefit from the expert faculty which has come to share their knowledge with you.

We thank all the faculty members, sponsors, the European School of Oncology (ESO) and the Swiss Society of Senology who all support this IBUS meeting.

*Christoph Rageth (Chairman)
Local Organizing Committee*

Organisation & Speakers

Friday, March 9, 2018, 09.00-12.55 & 13.50-18.20

1st day of IBUS 2018 Seminar

Saturday, March 10, 2018, 09.00-13.05 & 14.00-16.00

2nd day of IBUS 2018 Seminar

Venue

Technopark Zürich, Technoparkstrasse 1, 8005 Zürich
info@technopark.ch – www.technopark.ch

Main speakers

Katja Pinker-Domenig, D, PhD, Radiologist, Memorial Sloan Kettering Cancer Center, New York (US)
Elizabeth A. M. O'Flynn, MBBS, MRCS, FRCR, Consultant Radiologist, St. George's Hospital, London (GB)

Scientific board

Florian Dammann, Bern / Zürich
Rahel Kubik, Baden
Alexander Mundinger, Osnabrück (DE)
Christoph Rageth, Zürich / Geneva
Christoph Tausch, Zürich
Zsuzsanna Varga, Zürich

Invited speakers

Pascal Baltzer, Vienna (AT)
Andreas Boss, Zürich
Sophie Dellas, Basel
Eva Maria Fallenberg, Berlin (DE)
Maria Pia Foschini, Bologna (IT)
Michael Knauer, St. Gallen
Caroline Malhaire, Paris (FR)
Martin Sonnenschein, Bern

Registration fees

2 Days

	Until 18.02.18 early bird	From 19.02.18 & onsite
9 & 10.3.18	CHF 600.00 ☐	CHF 850.00 ☐
9 & 10.3.18 – SSS members	CHF 450.00 ☐	CHF 700.00 ☐
9 & 10.3.18 – residents*	CHF 400.00 ☐	CHF 520.00 ☐

1 Day

9.3.18	CHF 400.00 ☐	CHF 500.00 ☐
10.3.18	CHF 400.00 ☐	CHF 500.00 ☐

Residents

9.3.18	CHF 270.00 ☐	CHF 350.00 ☐
10.3.18	CHF 270.00 ☐	CHF 350.00 ☐

* In order to benefit from the reduced fee for residents, you are required to send a document of your employer to the Seminar Secretariat by fax (+41 21 312 9263) or scanned (inscriptions@meeting-com.ch) within 7 days from the date of application. The registration fee includes: access to the scientific sessions, certificate of participation, coffee-breaks and lunches.

Payment / Confirmation

Upon registration you will receive a written confirmation together with the banking details for the payment.

Cancellation

In case of cancellation 30 days prior the event, the refund of the amount paid will be done net of CHF 60.00 for administrative costs. Thereafter, no refund possible. Any registration made within the "early bird" time must be paid during this period. If not the case, the invoice is automatically updated at the current price. Administrative costs will be charged to no shows. Legal jurisdiction is Lausanne.

Friday March 9, 2018

IBUS 2018 – Emphasis on high risk lesions with consensus conference

08.50-09.00	Welcome <i>Scientific Board</i>
09.00-09.15	New developments in ultrasound imaging <i>Andreas Boss, Zürich</i>
09.15-09.30	The new BI-RADS: what has changed & why <i>Katja Pinker-Domenig, New York (US)</i>
09.30-09.45	Imaging of recurrence (all modalities) <i>Florian Dammann, Bern/Zürich</i>
09.45-09.55	Detection of lymphnodes <i>Martin Sonnenschein, Bern</i>
09.55-10.10	Needle biopsy of lymphnodes – when (after the Z0011 trial) and how <i>Michael Knauer, St. Gallen</i>
10.10-10.25	How to manage the axilla initially N+ and clinically negative after neoadjuvant chemotherapy - the radiologists' view <i>Sophie Dellas, Basel</i>
10.25-10.40	How to manage the axilla initially N+ and clinically negative after neoadjuvant chemotherapy - the surgeons' view <i>Christoph Tausch, Zürich</i>
10.40-10.50	Discussion
10.50-11.15	Coffee break

Friday March 9, 2018

11.15-11.30	Breast density: assessment and clinical implications <i>Elizabeth A. M. O'Flynn, London (GB)</i>
11.30-11.45	The dense breast: how to image <i>Katja Pinker-Domenig, New York (US)</i>
11.45-11.50	Comments on dense breast imaging <i>Andreas Boss, Zürich</i>
11.50-11.55	Comments on dense breast imaging <i>Martin Sonnenschein, Bern</i>
11.55-12.10	Intraoperative ultrasound and integration of ultrasound into surgical practice <i>Michael Knauer, St. Gallen</i>
12.10-12.15	Comments on intraoperative ultrasound <i>Christoph Tausch, Zürich</i>
12.15-12.20	Comments on CEM <i>Katja Pinker-Domenig, New York (US)</i>
12.20-12.35	Tomosynthesis: ethical not to perform? <i>Katja Pinker-Domenig, New York (US)</i>
12.35-12.45	Tomosynthesis new technical considerations <i>Eva Maria Fallenberg, Berlin (DE)</i>
12.45-12.55	Discussion
12.55-13.50	Lunch break
13.50-14.05	New developments in MR imaging <i>Pascal Baltzer, Vienna (AT)</i>
14.05-14.20	Non mass like enhancement in MRI <i>Rahel Kubik, Baden</i>
14.20-14.25	Comments on non mass like enhancement in MRI <i>Pascal Baltzer, Vienna (AT)</i>
14.25-14.40	Second look Ultrasound after suspicious MR <i>Sophie Dellas, Basel</i>
14.40-14.45	Comments on second look Ultrasound after suspicious MR <i>Pascal Baltzer, Vienna (AT)</i>
14.45-14.55	Discussion

Friday March 9, 2018

14.55-15.10	DCIS – imaging <i>Eva Maria Fallenberg, Berlin (DE)</i>
15.10-15.25	Ultrasound imaging of DCIS - update of new insights <i>Alexander Mundinger, Osnabrück (DE)</i>
15.25-15.35	DCIS – pathology (pathological aspects of margins and size) <i>Maria Pia Foschini, Bologna (IT)</i>
15.35-15.45	BI-RADS 3 - scourge of screening? <i>Katja Pinker-Domenig, New York (US)</i>
15.45-16.00	Review on pathological estimation of size and margins of DCIS in surgical specimens <i>Katja Pinker-Domenig, New York (US)</i>
16.00-16.15	DCIS – surgery (margins, surgery vs. observation) <i>Michael Knauer, St. Gallen</i>
16.15-16.30	High incidence of DCIS in screening - high risk of overdiagnosis? <i>Maria Pia Foschini, Bologna (IT)</i>
16.30-16.40	Discussion
16.40-16.55	Evolution of benign breast lesions under neoadjuvant chemotherapy for breast cancer and the difficulty to manage multiple breast additional lesions at MR staging of breast cancer before NAC <i>Caroline Malhaire, Paris (FR)</i>
16.55-17.05	Can MRI predict reponsiveness of breast cancer to neoadjuvant therapy? <i>Maria Pia Foschini, Bologna (IT)</i>
17.05-17.25	Coffee break
17.25-17.40	MRI as a problem solving tool a critical assessment of the evidence <i>Pascal Baltzer, Vienna (AT)</i>
17.40-17.55	Multimodal ultrasound - where do we stand? <i>Alexander Mundinger, Osnabrück (DE)</i>
17.55-18.10	Addition of ultrasound to mammographic screening <i>Florian Dammann, Bern/Zürich</i>
18.10-18.20	Elastography <i>Eva Maria Fallenberg, Berlin (DE)</i>

Saturday March 10, 2018

IBUS 2018 – Emphasis on high risk lesions with consensus conference	
09.00-09.15	Does ABUS have a role in preoperative staging? <i>Alexander Mundinger, Osnabrück (DE)</i>
09.15-09.30	New clinical decision rules to avoid MRI-guided biopsies <i>Pascal Baltzer, Vienna (AT)</i>
09.30-09.45	Indications of preoperative MRI: what are the best <i>Elizabeth A. M. O'Flynn, London (GB)</i>
09.45-10.00	Advanced functional MRI techniques <i>Elizabeth A. M. O'Flynn, London (GB)</i>
10.00-10.05	Discussion
10.05-10.20	Deep learning: artificial intelligence for mammography assessment <i>Andreas Boss, Zürich</i>
10.20-10.30	Breast implant associated anaplastic large cell lymphoma <i>Caroline Malhaire, Paris (FR)</i>
10.30-10.45	Can we avoid surgery after neoadjuvant chemotherapy? <i>Christoph Tausch, Zürich</i>
10.45-10.50	Discussion
10.50-11.10	MIBB database (VAB's in Switzerland) update <i>Christoph Rageth, Zürich/Geneva</i>
11.10-11.25	Risk lesions in minimally invasive biopsies: same pathological results – different management <i>Martin Sonnenschein, Bern</i>
11.25-11.55	Coffee break
11.55-12.15	Introduction to the voting system and introductory questions <i>Christoph Rageth, Zürich/Geneva</i>
12.15-12.30	Wrap up of the newest literature in lobular neoplasia <i>Zsuzsanna Varga, Zürich</i>
12.30-12.40	Consensus finding
12.40-12.55	Wrap up of the newest literature in flat epithelial atypia <i>Zsuzsanna Varga, Zürich</i>
12.55-13.05	Consensus finding
13.05-14.00	Lunch break

Saturday March 10, 2018

14.00-14.15	Wrap up of the newest literature in Phyllodes tumors <i>Zsuzsanna Varga, Zürich</i>
14.15-14.25	Consensus finding
14.25-14.40	Wrap up of the newest literature in papillomas <i>Zsuzsanna Varga, Zürich</i>
14.40-14.50	Consensus finding
14.50-15.05	Wrap up of the newest literature in radial scars <i>Maria Pia Foschini, Bologna (IT)</i>
15.05-15.15	Consensus finding
15.15-15.30	Wrap up of the newest literature in atypical ductal hyperplasia <i>Zsuzsanna Varga, Zürich</i>
15.30-15.45	250 cases of ADH in CNB and VAB - experience of the Zurich breast center <i>Christoph Rageth, Zürich/Geneva</i>
15.45-15.50	Discussion
15.50-16.00	Consensus finding
16.00	Take home message & Farewell Scientific Board
16.15	END OF IBUS SEMINAR 2018

Kind thanks to our sponsors
