Welcome word

The SSS launched the YSSS (Young Swiss Society Senologists) subgroup in 2018, chaired by Dr Thanh Lam (Geneva) who was asked to recruit young doctors (up to 45 years of age) who would like to continue their education in the field of senology.

Due to the pandemic situation we had to postpone the planned Masterclass. Our goal is to connect young senologist, to exchange ideas, to discuss current topics and to give an overview of our interesting field of work as an educational tool.

Dr Thanh Lam in cooperation with PD Dr Rauh (Bern) are now organising a Masterclass for young potential senologists.

We look very much forward to welcoming you finally to this masterclass in Bern.

On behalf of the scientific committee,
Swiss Society of Senology

Dr Thanh Lam

PD Dr Claudia Rauh

Kind thanks to our sponsors

Friday, June 10, 2022
