PROGRAM

08.30-09.00 Welcome coffee and registration

09.00-09.15 Welcome notes AUDITOIRE PATERNOT

Catherine Labouchère & Susan Gasser | ISREC Foundation
Olivier Michielin | Swiss Cancer Center Léman (SCCL)
Miklos Pless | Swiss Group for Clinical Cancer Research (SAKK)

09.15-09.30 Opening AUDITOIRE PATERNOT

Manuela Eicher, Alfredo Addeo & Tourane Corbière |
Laboratoire des Patients, Lausanne, Switzerland

09.30-10.45 Plenary session: Keynote Lectures AUDITOIRE PATERNOT

Helle Pappot | Rigshospitalet, Copenhagen, Denmark
Research involvement and engagement of adolescent and young adults (AYA) with cancer - a five-year experience

Sabina de Geest | Institute of Nursing Science and Department of Public Health, University of Basel, Switzerland
Using implementation Science to power the oncology research pipeline towards faster translation in real-world settings

Mary Cooley & Rich Boyajian | Dana-Farber Cancer Institute, Boston, USA & Brigham and Women's Hospital, Boston USA
Codesign of a patient-centered decision support program for cancer symptom management

10.45-11.10 Coffee break ATRIUM 1ST FLOOR

11.10-12.15 Breakout sessions I (short talks & discussion)

01 – PPI IN PRACTICE: AUDITOIRE PATERNOT

Examples from clinical research

Chairs: Nadia Elia, Sandrine Jonniaux | Geneva University Hospitals, Switzerland

Nadia Elia, Sandrine Jonniaux | Geneva University Hospitals, Switzerland

Programme PP+3P & PartneREC: Le modèle Genevois

Nils Graber | Lausanne University Hospital & University of Lausanne, Switzerland

Patient, caregiver, and healthcare professional experience in adoptive cell therapies: An experience-based co-design study

Richard Boyajian | Brigham and Women's Hospital, USA
Implementation of digital technology in the establishment of an integrative healthcare management practice to meet patient and provider needs

02 – INCENTIVIZING PPI: SALLE 02.040

The funding bodies' perspective

Chair: Cordula Landgraf | Swiss Clinical Trial Organisation (SCTO), Switzerland

Deborah Studer | Swiss National Science Foundation (SNSF), Switzerland

PPI from the perspective of the Swiss National Science Foundation

Sarah Vermij | Swiss Personalized Health Network (SPHN), Switzerland

Patient and public involvement at the Swiss Personalized Health Network: A funder's perspective

Alexandre Costa Alencar | Rising Tide Foundation for Clinical Cancer Research, Switzerland

Supporting patient involvement in research – a funder's approach

03 – JOINING HANDS: SALLE 02.050

How to foster the PPI culture & patient-researcher communication – Focus on integrated health

Chairs: Christine Aeschlimann, Tourane Corbière | Swiss Group for Clinical Cancer Research (SAKK), Switzerland

Christine Aeschlimann, Tourane Corbière | Swiss Group for Clinical Cancer Research (SAKK), Switzerland (TBC)

Role and activities of the Patient Advisory Board at the Swiss Group for Clinical Cancer Research

Ghada Ibrahim | Patient Advocates for Cancer Research and Treatment (PACRT), Switzerland

Patient-partnerships: Can we measure the extent and impact of patient involvement in clinical research?

Daniel Cefai | SILAB - Institut et Haute Ecole de la Santé La Source, Switzerland

Promoting hands-on user-innovator exchanges for implementation of a relevant innovation in oncology

12.15-13.30 Lunch & posters

ATRIUM 1ST FLOOR

13.30-14.35 Breakout sessions II (short talks & discussions)

04 – PPI IN PRACTICE: SALLE 02.040

Examples from observational studies

Chair: Sara Colomer Lahiguera | Lausanne University Hospital & University of Lausanne, Switzerland

Sara Colomer Lahiguera | Lausanne University Hospital & University of Lausanne, Switzerland

Development of a model for PPI in research in French-speaking Switzerland

Nina Canova | Le Collaboratoire – University of Lausanne, Switzerland

Experiences and roles of caregivers within a phase I clinical trial in oncology: An experience-based co-design study

Kim Lê Van | Lausanne University Hospital, Switzerland
Improving hospitality in oncology, with and for cancer patients

05 – AROUND THE WORLD IN 60 MIN: AUDITOIRE PATERNOT

Experiences with PPI in different countries

Chair: Marie-Pascale Pomey | CEPPP - University of Montreal, Canada

Marie-Pascale Pomey | CEPPP - University of Montreal, Canada
Lessons learned from how to conduct PPI in Québec, Canada

Emma Kinloch | National Cancer Research Institute (NCRI), UK
NCRI's consumer forum - patients promoting evidence-based medicine and evidence-based policy

Chantal Arditi, Ursula Ganz-Blättler | Unisanté, Switzerland
Patient involvement in the Swiss cancer patient experience (SCAPE) surveys

06 – JOINING HANDS: SALLE 02.050

How to foster the PPI culture & patient-researcher communication

Chairs: Christine Bienvenu, Laure Bonnevie | Citizen & patient partners, Switzerland

Christine Bienvenu, Laure Bonnevie | Citizen & patient partners, Switzerland

World Café - Synthèse de l'atelier d'intelligence collective, où toutes les parties prenantes de la santé du canton de Vaud ont imaginé la co-construction de la formation au partenariat en santé et dans les soins
