# Awards for Young Clinicians or Investigators

Once again in 2027, the Scientific Committee wishes to give young fellows a voice by renewing, the oral and poster presentations of the work they carried out during 2026.

The oral and poster presentations are dedicated to “young investigators” (medical doctors, nurses, allied health professionals). In order to be chosen as a presenter of a short report or poster, the first author must fulfil all of the following criteria:

- a maximum of 10 years of clinical experience from passing the final medical exams
- or master/PhD in nursing science
- first author is not the head of a research group;
- first author is not an established university lecturer (i.e., not “Privatdozent”, novenia legendi) or professor in nursing research.

The 10 highest scoring abstracts will be presented as oral presentations on Friday January 22, 2027. The additional submissions will have the possibility to present their work during a dedicated poster walk during the lunch break on Friday.

The committee would like to reward the best oral presentation and the best poster with a prize of CHF 750.00 each, for a total of CHF 1,500.00.

These awards are kindly supported by
